

NEW TOOLS

JUST CLIPS™

DIVISION OF LISLE CORPORATION

When sockets fall off your impact wrench, it's time to replace the anvil retaining clip and o-ring. Just Clips' specially developed products make repairs an easy task on air and battery powered impact tools, including Milwaukee® brand tools. Our patented Snap Ring Pliers quickly remove the old ring. The patented CLIPKEY® is the answer for easy installation of new clips on impact wrenches from 1/4" to 1". All Just Clips tools and rings are proudly Made in USA.

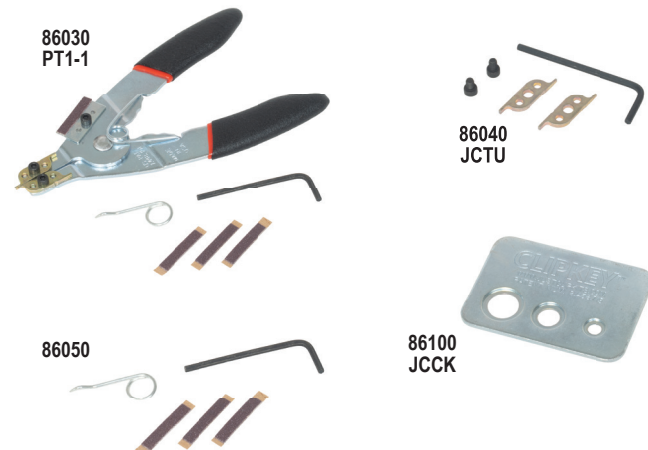

JUST CLIPS® PRO TOOL KITS

Kits include clips and o-rings for standard and/or Milwaukee brand applications (see table below) covering most air and cordless impact tools on the market. Clips and o-rings for Milwaukee brand tools are slightly different in size and are reddish in color for easy identification and should only be used on Milwaukee brand tools. Black-oxidized standard rings are used with all other air and cordless impact tools. All tools and parts are kept in a plastic molded box with spots for all tools, clips, and o-rings.

Each tool kit includes:

- Patented Snap Ring Pliers for removing rings from 1/4" to 1"
- Patented CLIPKEY for installing 1/4", 3/8", and 1/2" rings
- 6 clips and o-rings for 1/4", 3/8", and 1/2" tools
- Small tool kit containing:
 - O-Ring Remover Hook
 - Deburring Pads
 - Hex Wrench

JUST CLIPS® SETS & PACKS

Designed and manufactured for pneumatic and cordless impact wrenches. Clips and o-rings for Milwaukee brand tools are different in size and are reddish in color for easy identification and should only be used on Milwaukee brand tools. Black-oxidized standard rings are used with all other air and cordless impact tools. Clips and o-rings are available for 1/4", 3/8", 1/2", 3/4", and 1" anvils. The 1/4", 3/8", and 1/2" sets come with 3 clips and 3 o-rings. The 3/4" and 1" sets come with 1 clip and 1 o-ring.
